

E-Cell UIIT Shimla has actively organized events for the wholesome development of the students as well as undertaken activities to nurture the spirit of Entrepreneurship in them. A brief summary of the activities conducted by E-Cell UIIT Shimla is given below:

Surveys: E-Cell UIIT has undertaken various surveys to assess the entrepreneurship skills among UIIT students as well as those around it. We have also conducted surveys on the various entrepreneurship in and around Shimla to familiarize ourselves with the various problems faced by new and rising entrepreneurs in this area.

Workshops: E-Cell UIIT has coordinated a number of workshops providing students with a unique opportunity to learn the most basic and important skills that an entrepreneur needs to create a successful venture.

Seminar: We at E-Cell UIIT have hosted seminars on a diverse variety of topics ranging from '*Who exactly is an entrepreneur and why should you seriously consider being one?*' to '*How to attract investors to your business?*' There has been a plethora of successful entrepreneurs who have been kind enough to visit us and share with the students their thoughts and mantra for success through these seminars.

Discussions: In order to bring out the creativity and innovativeness of the students, which is the most important quality needed in an entrepreneur, to the forefront we have also organized discussions on a wide range of topics including topics of current affair, news articles, economic problems as well as issues faced by local people. These discussions have resulted in achievement of some fairly innovative solutions to the given problems.

Debates: So as to motivate the students to improve their oratory skills and to instill in them a feeling of self-confidence, E-Cell UIIT often organizes debates on various topics and has seen a huge participation in them over the time. These debates have not only helped the students to develop these skills but have often produced unique opinions on the topics.
